

Technical Data Sheet

Airplaco HG9 – Hand Operated Grout Pump

The Airplaco Handy Grout Pump is a hand operated portable grout pump ideal for where access is restricted. The lightweight design enables an Operator to easily manoeuvre around site whilst the polyurethane hopper allows for an easy clean. This small hand operated grout pump is the ideal solution for your grouting needs.

Key Benefits:

- **Lightweight Design**
- **Manual Operation**
- **Polyurethane hopper**
- **Cast assembly**
- **Self-priming**
- **In-line pressure gauge**
